EXPERIENCE

Bronx Academy for Software Engineering, 2474 Crotona Ave,
Bronx, NY 10458 — *Website manager*

December 2020 - 2023

- Collaborated with a student web development team to maintain and update the school's website.
- Designed a modern website redesign to improve usability and visual appearance.
- Worked with teammates to plan and implement website improvements while following project requirements.

FEATURED PROJECTS

Website Portfolio — <https://portfoliowastaken.netlify.app/>

- Built a responsive portfolio website using React, TypeScript, and Tailwind CSS.
- Designed a mobile-first user interface to showcase projects and technical skills.
- Deployed the application with Netlify and maintained it through GitHub.

Repository : <https://github.com/Dimethyl-tryptamine/Portfolio-Website>

EverGreen Estates — <https://evergreenestates.netlify.app/>

- Developed a full-stack property listing platform using Next.js, TypeScript, Tailwind CSS, Supabase, and PostgreSQL.
- Implemented CRUD functionality for property listings and integrated a relational database.
- Built responsive search and filtering features for an improved user experience.
- Deployed the application and managed production updates using Git and Netlify.
